

# The Hub

The BC Tech Hub is a premium event and co-working space where innovators come together to contribute to our thriving tech sector.

At 17,600 sq. ft, this space was designed for acceleration, where future tech anchors and enterprise companies have a venue to connect and learn from one another. The Hub is best suited for growth stage companies that are scaling rapidly (5+ employees or 1M+ in revenue).

## Workspace at the BC Tech Hub

Since 2014, more than 70 companies, government agencies, and enterprise organizations have called the BC Tech Hub home. Past residents include RentMoola, Picatic, and Thinkific.

Through monthly events such as educational workshops, planned socials and our famous Donut Days, our collaborative and friendly environment brings the community together to help your team grow and thrive. And not to be forgotten - you'll likely see the occasional 4-legged furry friend as we are a dog-friendly work-space.

## Our Space is Your Space

Our purpose-built facility for growth companies offers preferential tenancy rates and a large book-able event space. We're located at 101 - 887 Great Northern Way, Vancouver, BC V5T 4T5.

## Hub Founding Partners

Thanks to the help of our Hub Founding Partners, the BC Tech Innovation Hub opened its doors in late-2014 and welcomed its first tenant in January 2015 thanks to the generous support of the Government of Canada, Global Relay, and numerous industry partners.
