

Employee Benefits Buying Plan

In partnership with BC Tech

Join the Benefits Buying Plan to help you attract and retain talent while keeping costs predictable and administration simple. Whether you currently offer an employee benefits program or are considering introducing one, HUB has a solution to meet your needs. By leveraging the collective purchasing power of BC Tech you can access more competitive premiums while retaining full flexibility in plan design.

Program Advantages

Buying Power

Reduced administration fees and expenses translates into sustained savings.

Flexibility

Traditional, flexible and spending account plans starting at about \$50 per employee per month.

Expert Advice

Unlimited access to HUB International expert advisors at no additional cost.

About HUB

HUB International offers BC Tech members access to:

Competitive employee benefits plans with Canada's leading insurers

Clear and effective benefits communication

Financial analysis and budgeting support

Health and wellness strategy development
